Re: Announcement of e-OSCAR® Security Enhancement

Effective **Sunday, June 29, 2008**, a new security feature will be added to the e-OSCAR application login process. The new security feature will require users to access the e-OSCAR application with their company's e-OSCAR Registration ID as well as their User ID and password. Please review the **instructions** at the end of this memo to locate your company's Registration ID prior to June 29, 2008.

To help users to become familiar with the new security feature, the Registration ID field will be displayed on the e-OSCAR login screen beginning Saturday, June 14, 2008. During the period between June 14, 2008 and June 28, 2008, the Registration ID will not be required to access e-OSCAR, however.

Registration ID Timeline

How do I find my company's Registration ID (CIA ID)?

1. Login to e-OSCAR with your User ID and password.
2. On the top navigation menu, click User Profile.
3. On the left navigation menu, click Update Profile.
4. Review the information on the screen that is displayed. The company Registration ID (CIA ID) is shown to the right of your User ID.

Note this number. This is the Registration ID you will need beginning June 29th, 2008.
