

## Updates on New e-OSCAR®

Testing continues on the new e-OSCAR® platform!

System Integration testing completed on schedule during the month of June. Performance and Load testing will continue well into the month of July and will run parallel with User Acceptance Testing (UAT). UAT will begin later in the month of June and will continue into Fall 2007.

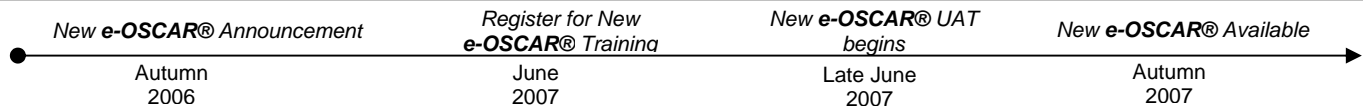

## Training for New e-OSCAR®

Registration is now open for the upcoming e-OSCAR® Training classes at (<http://eoscar.on.raindance.com>). Check the website for the schedule of classes that will be available beginning in August 2007.

## Experienced e-OSCAR® users

We are offering the 'What's Changed in e-OSCAR®' class for the many experienced users of e-OSCAR® that have likely attended training classes for e-OSCAR® in the past and are familiar with the functions available in the current e-OSCAR platform. The "What's Changed" seminar will address the new features and functionality within the new e-OSCAR®.

## Timeline for New e-OSCAR®

## Current e-OSCAR®

Details of the upcoming transition from current e-OSCAR to the new e-OSCAR platform will be made available in advance of the October 2007 implementation.

Stay tuned to this newsletter and the current e-OSCAR Message of the Day for more information on our progress.

## Current e-OSCAR® Training

Training classes for the **current** e-OSCAR® platform completed in May 2007.

For questions on the **current** e-OSCAR® platform, please visit the tutorial available within **current** e-OSCAR® or send your question to [eoscartraining@newmgtservices.com](mailto:eoscartraining@newmgtservices.com)
