- Services by e-OSCAR enrollment fee \$2,500; billed and payable upon access to and/or entry into UAT environment

## Ongoing Service Costs

- Published per transaction costs pursuant to e-OSCAR Terms of Use
- Monthly Services by e-OSCAR Service Fee according to pricing schedule
- All companies utilizing Services by e-OSCAR will be billed monthly

## Lower Environment (Stage) Data Load Costs

---

- As part of initial onboarding, OLDE will provide limited data and access in our lower environment for the purposes of connectivity testing. Initial testing is intended for **connectivity** validation purposes only
- To support ongoing &/or application testing, arrangements can be made for the creation and loading of dispute &/or notification data in our lower environment. Data is based upon actual production data paired with fictitious consumer indicative data but cannot be customized. Data loads are billed at a rate of \$250 per month and require an executed Statement of Work.

# Services by e-OSCAR Pricing Tiers

Services by e-OSCAR pricing is determined by a proprietary algorithm that predicts API usage based upon analysis of prior twelve (12) month e-OSCAR transaction patterns for the Data Furnisher.

An initial API Pricing Tier analysis will be provided prior to your launch of API Services in production and evaluated at 90 days after go-live in the e-OSCAR production environment. OLDE reserves the right to adjust, as needed, your pricing tier at that time.

Pursuant to the e-OSCAR Terms of Use, we reserve the right to unilaterally change the stated API pricing tiers upon not less than thirty (30) days' notice in writing to e-OSCAR Registrants. Fees will not be increased more than once in any twelve (12) month period.
