e-OSCAR[®] RELEASE NOTES

Release eo2026.01

January 15, 2026

Release eo2026.01 Summary:

The **eo2026.01** release scheduled for January 15, 2026, introduces the following key updates to enhance the e-OSCAR platform's functionality and user experience.

This summary provides an overview of the operator-facing new features and improvements included in this release.

I. ADDITION OF 'CASE ID' TO ACTIVITY REPORTS

For several e-OSCAR activity reports, a new “**Case ID**” column has been added at the end of the report. This applies to the following activity reports:

- ACDV Activity Report. Appears after the **Image ID 5** column
- Block Notification Activity Report. Appears after the **Notification Status** column
- DR Notification Activity Report. Appears after the **Notification Status** column
- AUD Notification Activity Report. Appears after the **Notification Status** column
- Reinsertion Activity Report. Appears after the **Date Submitted** column

Existing AUD and BRR Activity Reports will not be changing.

The **rest of the Activity Report contents and logic are unchanged** (filters, date ranges, and other columns behave as before). **Image IDs for ACDVs are unchanged** and will still contain values whenever an ACDV has images attached.
