

e-OSCAR[®] RELEASE NOTES

Release eo2025.07

June 12, 2025

Release eo2025.07 Summary:

Release eo2025.07 is scheduled to be deployed beginning at 6:00 p.m. ET on Thursday, June 12, 2025.

This release primarily includes a variety of features as described below:

I. MODIFICATION TO THE AUD NOTIFICATION ACTIVITY REPORT TO ENABLE FILTERING BY AUD SUBMITTED DATE AS WELL AS AUD NOTIFICATION DATE

We have modified the “Filter Report By” drop down on the AUD Notification Activity Report to include an option to filter by the AUD Submitted Date as well as the AUD Notification Date. This enhanced functionality will allow Data Furnishers to generate AUD Notification Activity Reports based upon the date that the AUD was submitted, allowing Data Furnishers the ability to quickly determine if an AUD Notification has been generated in connection with a submitted AUD. If, when filtering by AUD Submitted Date, an AUD has no corresponding AUD Notification, the following fields in the Activity Report will be blank: Notification Date, NCRA, Subscriber Code, AUD Notification Indicator, and AUD Notification Reason.

II. MODIFICATION OF “PRINTED CDV ADDRESS INFORMATION” FIELD ON DATA FURNISHER VIEW/UPDATE REGISTRATION SCREEN

We are modifying the field title currently displayed as “Printed CDV Address Information” to instead read “Dispute Contact Information” on the View/Update Registration screen in e-OSCAR. The information captured in corresponding fields contains the Data Furnisher’s contact information (name and address) which the Consumer Reporting Agency can provide to the Consumer for any follow up information or requests (regarding the outcome of the consumer dispute investigation). We are additionally adding a new Phone Number field to this section so that a Data Furnisher can add or update a contact number to be included along with the address. Registration Administrators will be able to modify the information in the “Dispute Contact Information” field.

III. ADDITION OF “SUBMITTER” FIELD ON THE CASE REVIEW WORKQUEUE LIST

We have modified the Case Review workqueue list to include an additional field that includes the Operator ID of the e-OSCAR operator (with restricted permissions) who originally submitted the ACDV or AUD. This will allow operators to sort and filter the Case Review workqueue for specific operators. See the screenshot below as an example of the updated Case Review workqueue that includes the Submitter field.

IV. ADDITION OF “UNIT” COLUMN TO *INCOMING DR NOTIFICATION*, *INCOMING BLOCK NOTIFICATION*, AND *INCOMING AUD NOTIFICATION* WORKQUEUE

We have modified the workqueue lists for *Incoming DR Notifications*, *Incoming Block Notifications*, and *Incoming AUD Notifications* to include the **Unit** applicable to each transaction. Operators will be able to sort and filter by Unit. See the screenshot below as an example of the updated workqueue that includes the Unit field.
